REPUBLICANS CLAIM HARDING LEADS EAST; KENTUCKY GIVES COX A LARGE MAJORITY; BRECKINRIDGE COUNTY GOES REPUBLICAN;

DEMOCRATS HAD BIG DAY SATURDAY

J. W. C. Beckham Attends Final Cars in Parade. 2,500 People There.

Republicans of Breckinridge county who attended the big G. O. P. rally in Hardinsburg last Tuesday admitted that the Democrats of the county "put one over on them" so to say, at latter's grand wind up on Saturday, which was also held in Hardinsburg.

It is conservatively estimated that there were 2,500 people who attended the Democratic rally Saturday. One of the foremost attractions of the day was the presence of Kentucky's most popular Senator, Mr. J. W. C. Beckham, of Frankfort. Arriving with him at the station were Judge Gregory, ex-Circuit Judge of Louisville, and Mrs. Samuel Henning, of Louisville.

The Senator's party was met at the train with a brass band. A big parade of 150 cars was formed and rode to the Court House yard where Judge Henry DeHaven Moorman presented Senator Beckham, and Attorney Moorman Ditto introduced Judge Gregory and Mrs. Henning, all of whom made short speeches. The open air meeting continued until the noon hour when the speakers were entertained to luncheon.

In the afternoon at 3:30 o'clock the crowd gathered in the court room and hundreds of people were turned away because of lack of seats.

It was a great day in the history of the Democrats of Breckinridge county. It is conceded to have been the largest political gathering here since William Jennings Bryan was first a candidate for president twenty-four years ago.

That Senator Beckham's speech in the court house bespoke the sentiment of his hearers was granted from the applause that was given him. He dwelt on the real issues of the Democratic party and made a strong appeal for the League of Nations.

Judge Gregory, who is a staunch Democrat, made a forcible speech. Mrs. Henning was well informed on the merits of her party and so anxious to tell all that she would not give her hearers an opportunity to applaud her. Mrs. Henning fairly charmed the audience with her knowledge of the party issues and the manner in which she imparted them.

The day was such that it made the Democrats hopeful of carrying the county for Cox, Senator Beckham and Congressman Ben Johnson. The success of the day was due in a large measure to Mr. C. Vic Robertson, county Democrat Chairman, and to Mrs. S. Beard, chairman of the Democratic Woman's Campaign Committee.

MRS. PUMPHREY HEIRS GROSS FARM

Court of Appeals Holds That Mrs. Josephine Pumphrey, is the Owner of the Estate Devised to Her by Her Sister Mrs. A. J. Gross.

On October 19th 1920, the Court of Appeals affirmed the judgement of the Breckinridge Circuit Court, wherein it was held that Mrs. Josephine Pumphrey, under the will of her sister, Mrs. A. J. Gross, holds the fee simple title to the Gross farm. The controversy arose over a codicil to the will which Gen. Gross executed on the 2nd day of November, 1906, wherein he requested his said wife to devise one-half of the estate she may have left the Mrs. Sallie P. DeHaven, widow of O. DeHaven and to the heirs of his brother, John Gross, the remaining one-half. The heirs of Jno. B. Gross filed a suit in the Breckinridge Circuit Court seeking to have the will constructed so as to hold that upon the death of Mrs. A. J. Gross said estate belonged to Gross' heirs and said Mrs. DeHaven in equal parts. However, the lower court held and the higher court affirmed its judgement, to the effect that the statement in the codicil mentioned was a mere request made by Gen. Gross of his wife, and that such did not affect her fee simple title thereto and no precatory trust resulted, as contended by the Gross heirs. This means that Mrs. Pumphrey owns the property in fee simple free from the claims of every person.

Claude Mercer represented Mrs. Pumphrey while Aud & Higdon, attorneys of Owensboro, and A. R. Kincheloe represented the Gross' heirs.

4TH RED CROSS ROLL NOV. 11 TO 25

Breckinridge County to Seek Membership of 500; Red Cross Sunday, Nov. 14.

Breckinridge county chapter will seek a membership of 500 in the Fourth Red Cross Roll Call, November 11, to 25. This quota has been fixed by H. B. Dickson, Roll Call member for Lake Division.

Chapter quotas have been set with the view to enrolling 1,500,000 members in Lake Division—Ohio, Indiana and Kentucky.

Plans for achieving this goal were completed at conferences of chapter Roll Call directors of the three states at Indianapolis, Louisville and Columbus.

"Let every good American citizen become a member of the Red Cross" is the message of Herbert Hoover, whose relief work abroad during the war brought him into close association with the American Red Cross.

The stupendous foreign and domestic task before the Red Cross in its peace program is one that deserves the support of the American people, he points out in urging a large enrollment.

Churches throughout Lake Division have begun plans for the observance of Red Cross Sunday, November 14. From the pulpits of the three states the cause of the Red Cross will be impressed upon many audiences and its vast peace program explained.

LOCAL TEAMS WIN FROM BEECHMONT

"Cats and Kittens" Play Exciting Game on C. H. S. Grounds Saturday. Play Irvington Next.

The two basket ball games played here Saturday between the boys and girls of Beechmont High School (Hawesville) and Cloverport High School resulted in a victory for both the home teams. The C. H. S. girls walked over Beechmont easily with an 18-0 score, and home boys with little trouble, put them on the little end of 19-8 score. The girls' team of the visitors was helpless against the ferocious attack of the Cloverport "Kittens". After Beechmont had made three field goals during the last quarter of the boys' game things begun to look bad for the clawing wildcats of C. H. S. However they came out with colors flying.

Next Saturday both Cats and Kittens will go to Irvington to stage a battle royal with the High School teams of that city.

Slight Difference Perceptible in Some Articles Food and Clothing Plenty on Markets

THIS MEDICINE HAS CURED THOUSANDS--IT MAY CURE YOU

Mr. L. P. England, a reliable citizen of Spartanburg, S. C., makes the following statement: "About twelve years ago I suffered with a severe spell of malaria and afterward was much troubled with rheumatism. I tried many remedies recommended for the rheumatism but failed to get relief amounting to anything. I saw Number 40 For The Blood advertised and purchased a bottle and found so much relief that I have taken several bottles and am well of the rheumatism. I keep Number 40 in the house all the time as I do not wish to be

without it." Number 40 is demanded in blood troubles from any cause. In chronic rheumatism, catarrh, constipation, stomach and liver troubles. Under its use eczema and skin diseases disappear, sore ulcers and boils are caused to heal. Made by J. C. Mendenhall, Evansville, Ind., 40 years a druggist. The best druggist in your neighborhood sells Number 40 but if it happens that he does not, send direct to J. C. Mendenhall Medicine Company, Evansville, Indiana, and receive it delivered to you at \$1.25 per bottle, six bottles for \$7.00.

GOES 70 MILES FOR MORE TANLAC

Gained 17 Pounds And Her Wonderful Improvement is the Talk of the Neighborhood

"It's no wonder that everybody sees a change in mother since she began taking Tanlac, for she has gained seventeen pounds and can get about better than for the last twenty-five years," recently declared T. E. Ellis, well-known live-stock dealer, living in Rumsey, Ky.

"My mother is now sixty-eight years old and for eight years has suffered from loss of appetite, nervousness, constant headaches, severe pains in the chest and back and frequent spells of dizziness. She became so bad off about five years ago that she had to give up all housework, and spent most of her time in bed. During all that time she neither knew what it was to have a well day or a night's rest, and her condition became so alarming that we never expected to see her up and about again.

"One day she read in the papers about someone who had been greatly helped by Tanlac, and nothing would satisfy her until she had tried it herself. So I drove 35 miles to Evansville and got her a bottle. She's had four more bottles since then and she has actually gained seventeen pounds in weight, and it's years since I saw her looking so well. She praises Tanlac all day long, and her remarkable recovery has made such a stir around Rumsey that scores of other sick people have been taking Tanlac with splendid results. I make a trip to Evansville every week and always carry back a load of Tanlac for the neighbors. We all think there is no medicine like it, and I'm glad of this chance of telling everybody about what it did for my mother."

Tanlac is sold in Cloverport at Wedding's Drug Store, in Kirk by Mattingly Bros., in Addison by L. D. Addison, in Ammons by Wm. H. Dutschke, and in Stephensport by R. A. Shellman.—Advertisement.

YOUNG FOLKS OF KIRK, ENJOY A HAY RIDE

Kirk, Ky., Oct. 30.—(Special)—A party of young folks enjoyed a hay ride on White Kincheloe's truck Monday evening. A delightful lunch was served and the evening was highly enjoyed by all. The most exciting feature of the evening was "Pidy" falling off of the truck.

Those who went were: Anna Lee Mattingly, Agnes Jarboe, Helen Rachel Jarboe, Margaret Sheeran, Lucille Jarboe, Katie Jarboe and Hannah Jarboe, James Howard Gardner, Bruce Miller, Shorty Payne, Leo Sheeran, Morris Miller, Paul Mattingly and White Kincheloe.

YOUTHFUL STYLES IN SUITS

For those who look best in suits that are trim and simple the youthful style shown above will prove successful. It has a box-plaited skirt and a short, straight coat. The latter is very cleverly cut and depends upon round buttons in two sizes and a little silk braid for its embellishment. The collar is a small and inconspicuous detail.

HOW THE MAY FLY LIVES

"Mother," began Betty thoughtfully one afternoon, "do you know that Sally Williams goes to a picture show every night of her life?"

"No, I did not know it," replied Mrs. Blake, smiling. "You see, I do not know Sally very well, or see her very often, so I could not possibly know where she is at night. But I am glad no one could say that of you my daughter."

"Why, Mother, of course I knew you couldn't know about Sally. I did not myself until yesterday she asked me to go with her and I said that we had been the night before and were not going again this week and she laughed and told me she went every night."

"I wonder how many thrift stamps she has bought," said Mrs. Blake.

"I don't wonder," returned Betty, laughing, "for I asked her and she has not a single one. She said she would rather have a good time with her money and let folks buy Thrift Stamps who liked them. She wanted candy and picture shows and she should worry about Thrift Stamps."

"She will do the worrying, all right, Betty, when her gay times are over and her money gone. She will not always have a father to keep her in money and if she has never learned to earn and save she will probably see hard times ahead. A good picture show is a nice amusement and I am glad to have you go often enough to enjoy one, but you would get tired and learn nothing from them, nor even get amusement if you did nothing else with your evenings but attend shows. I am glad you have not formed so bad a habit. Anything can become a bad habit if indulged in too freely. Poor Sally reminds me of the May-fly. Did you ever hear of the May-fly?"

"No, Mother, I never did."

"The May-fly is a very fragile creature, born in the heat of a summer afternoon. It darts out on gauzy wings flying incessantly hither and yon, dazzling the eye with its rapid flights in the sun, always in the sun, dancing without pause or rest. When the sun goes down it dies. Now, human creatures who live only for the sunlight of prosperity, never pausing in their pursuit of pleasure, will find, as the May-fly does, that the sunset comes at last. But these human May-flies do not die when the sunshine fails, but must lead miserable lives in the darkness of adversity, which comes to every one who does not prepare in the sunshine of youth for that inevitable ending. I am trying to see that my Betty will not be a May-fly."

"I think, Mother, if either Bobby or I turn out to be May-flies no one could blame you. But never fear, Mother; we are too old now to be taught new tricks."

"I did not think you were, Betty," laughed Mrs. Blake, "but I hope you are right—at least too old to be taught bad tricks."

WOMEN IN THE GREAT WAR.

The report of the Woman's Committee of the Council of National Defence is described as an "intimate, official and first hand recital" of the accomplishments of the organized women of America in the world war. While the intimacy of the report is open to question it is certainly a remarkable tribute to the patriotism of American women.

The mere man who only vaguely heard tell of the multifarious activities of the Woman's Committee will be astounded to learn how much was actually accomplished. The registration of four million women, the invaluable assistance they gave to the Food Administration, the general campaign of education, health and recreation which was undertaken by the Woman's Committee contributed very largely to the preservation of good morale on the home sector during a peculiarly abnormal period of our history.

The record of the State divisions is perhaps the most interesting part of the story. The Woman's Committee in Washington could only issue general orders telling each State what the objectives were. The manner in which each State division reached those objectives is the real history of the effort put forth by American women. Their ingenuity courage and persistence cannot be dimmed even by the depressing pages of an official pamphlet—New York Herald.

If the citizens of our community will give as much of their time, their thoughts and energy to the salvation of souls and attending the revival that's on in our midst as many did in campaigning for the election, we would have a great spiritual awakening in Cloverport. And that is what Cloverport needs.

Wonder how many women remained at home yesterday harboring that old idea that woman's place is in the home and not at the election poles!

Thought about your Christmas shopping yet! Only forty-four more shopping days.

Naturally, you notice some who are all smiles and some who are not so happy.

BRIGHT WEATHER ON ELECTION DAY

Said To Be the Sign of a Democratic Victory. Heavy Polling of Women Votes; Many Free Rides.

Election day, Tuesday, dawned bright and fair in Cloverport after a terrific rain and wind storm the night previous. There is an old adage, so the Breckenridge News is told, that a rainy day means a Republican victory and a sun shiny day is favorable to the Democrats. So the Democrats of the community looked for a victory in Cloverport at least, on this fair election day.

It seemed as if every automobile in town was put in use. There were a lot of free rides and many made happy for time.

There was a heavy polling of votes at the poles. It is estimated 1,200 votes were cast, the largest number ever voted here. Particularly did the women come out both in white and colored races. It was a new epoch in their lives, the beginning of a new day when they could thoroughly exercise their own rights and independence of thought. So they faced it, leaving household duties behind and many got out early in the day.

In the Fourth precinct the ballots almost gave out before the poles closed. Only a few of the women of rural routes came in to vote but the streets were filled with men.

At each precinct the women of both parties took turn about in standing outside the polls and gave the women instructions on voting.

There were deputy policemen appointed for the day. However the absence of whisky made this presidential election a peaceful and quiet one, and there was no contention or strife at any of the voting places.

TEACH US HOW TO DIE

By TERENCE MacSWINEY

(One of the most recent poems of the late Lord Mayor of Cork, who was one of the leaders in the great Irish literary revival.)

God, we enter our last fight;
Thou dost see our cause is right;
Make us march now in Thy sight
On to victory.
Let us not Thy wrath deserve
In the sacred cause we serve;
Let us not from danger swerve—
Teach us how to die.
Death for some is in reserve
Before our flag can fly.

All the agony of years,
All the horrors, all the fears,
Martyrs' blood, survivors' tears.
Now we offer Thee
As an endless holocaust
For the freedom we have lost;
God restore it tho' the cost
Greater still must be;
Let Thy grace attend our host,
Give us victory!

The decorations held up while the navy board reconsidered the awards after the controversy among naval officers subsequent to a congressional investigation last winter, will be mailed for distribution on armistice day.

THE LAND OF BEGINNING AGAIN.

Frankfort State Journal
I wish that there were some wonderful places
Called the Land of Beginning Again,
Where all our mistakes and all our heartaches
And all our poor selfish grief
Could be dropped like a shabby coat at the door
And never be put on again.

I wish we could come on it all unawares,
Like the hunter who finds a lost trail,
And I wish that the one whom our blindness
Had done
The greatest injustice of all
Could be at the gates, like an old friend that waits
For the comrad he's gladdest to hail.

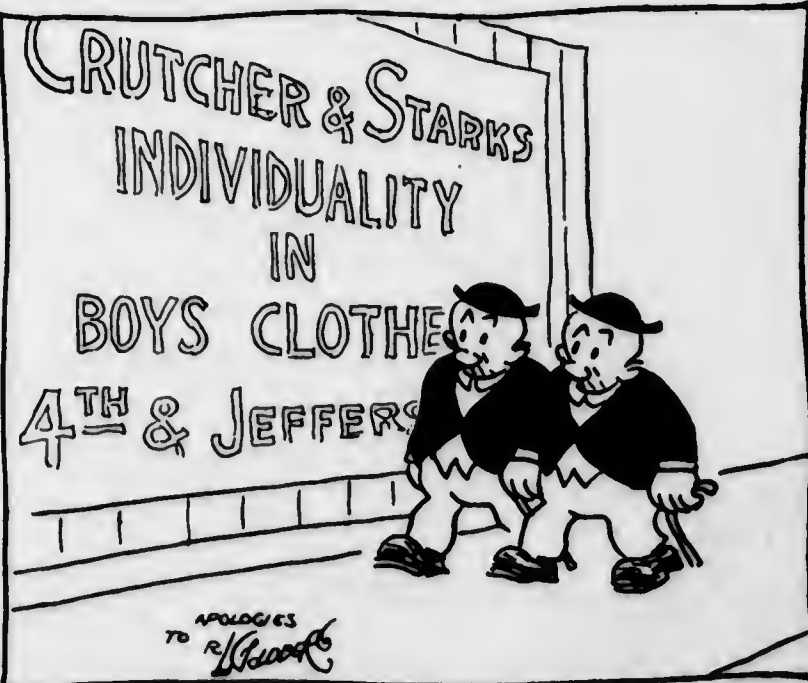

We would find all the things we intended to do
Blue forgot and remembered too late;
Little praises unspoken, little promises broken,
And all the thousand and one
Little duties neglected that might have perfected
The day for one less fortunate.

It wouldn't be possible not to be kind
In the Land of Beginning Again;
And the ones we misjudge and the ones whom
We grudge
Their moments of victory here
Would find in the grasp of our loving hand
More than penitent lips could explain.

For what had been hardest we'd know had been best,
And what seemed lost would be gain;
For there isn't a sting that will not take wing
When we've faced it and laughed it away;
And I think that the laughter is most what
We're after

FARM BUREAU NEWS

Breckenridge County farms need lime. The Extension Service of the University of Kentucky has established this opportunity they can form clubs Breckenridge county farms need lime to bring them back to their original productive power, and through the efforts of the county officials, County Agent and the Farm Bureau, the State Department of Agriculture has promised to send to the county a long as the farmers use it.

If the farmers avail themselves of large lime pulver to remain here as and get their lime at a very much cheaper figure than if they have to ship it from the quarry.

The county agent can give you information as to the conditions under which you can get the Pulver or we will be pleased to get it for you.

If you want to improve your farm talk to your neighbors and get them interested and arrange to have this equipment in your community.

Sharing Your Books.

The world is full of shut-ins, and there are those who are starving for books and papers, but how many of us make any effort to search them out?

A clever article on books which I lately read annoyed me by explaining how stupid is the custom of borrowing books, and how vastly more desirable it is for each man to own his own. I decided that the writer was a rich man (although my better judgment should tell me that writers seldom are rich), and I decided also that he was missing a lot of good things if he neither lends nor borrows books. I believe that a book is about the pleasantest thing there is to share. It produces such a bond of sympathy if it is enjoyed by a friend, and it provides at once something worth while to talk about.

And people do return books, especially if you put your name and "please return" inside and remember where your books are visiting.—Ella Wister Haines in Christian Herald.

THE COST OF ELECTING A PRESIDENT

The Wall Street Journal, presenting figures on the cost of Presidential campaigns for the past sixty years figures the actual cost of an electoral vote at \$8,000 and a winning electoral vote at \$10,000. If the average for the past forty years were taken, however, it would be larger. In that period each electoral vote has equalled an expenditure of \$12,250, and each winning electoral vote \$14,000.

Beginning with Lincoln in 1860, the Republican campaign fund reached \$100,000. He received 180 electoral votes. Douglas had a campaign fund of \$50,000 and received 12 electoral votes. Breckenridge, with no campaign fund stated, received 72 votes.

In 1876 Hayes had \$950,000, receiving 185 votes, three Southern States stolen, and Tilden \$900,000, receiving 184 votes. In 1880 Garfield had \$1,100,000 and 214 votes, Hancock \$355,000 and 155 votes. In 1884 Blaine had \$1,400,000 with 219 votes, Cleveland \$1,800,000 and 233 votes. In 1888; Harrison had \$1,350,000 and 233 votes, Cleveland \$853,000 and 168 votes. In the next election, in 1892, Harrison had \$1,850,000 and 145 votes, Cleveland \$2,350,000 and 277 votes.

The largest campaign fund in the history of the world was that raised by Mark Hanna for McKinley in 1896, \$16,500,000. He received 271 electoral votes. Bryan had \$675,000 and received 176 votes. In 1900 McKinley had the second largest fund in history, \$9,500,000, with 292 votes, and Bryan \$425,000 and 155 votes. In 1904 Roosevelt had \$3,500,000, 336 votes; Parker \$1,250,000, 140 votes. In 1908 Taft had \$1,700,000, 321 votes, Bryan, \$750,000, 162 votes. In 1912 Taft had \$750,000, 8 votes; Roosevelt \$325,000, 88 votes; Wilson \$850,000, 435 votes.

In 1916 Hughes had a campaign fund of \$2,301,535 and received 254 votes; Wilson \$1,400,229 and 277 votes.

The Journal shows by these figures that the candidate with the largest campaign fund has won in every election except the last, when Wilson defeated Hughes.—Elizabethtown News.

VANILLA OBTAINED FROM WILD PIMENTO LEAVES.

According to experiments recently performed in London, the island of Jamaica may become a new source of supply for vanilla flavoring extract. It has been found that the leaves of the wild pimento tree which grows on the island yield a high percentage of eugenol, from which vanillin, or crude vanilla, may be obtained, declares an article in the November Popular Mechanics Magazine. The discovery is valuable economically as well as commercially, inasmuch as iso-eugenol, the halfway product between eugenol and vanillin, may be made by merely fermenting the pimento leaves.

PRESIDENTS HARRISON'S DAUGHTER TO WED.

New York, Nov. 1.—The engagement was announced today of Miss Elizabeth Harrison and James Blaine Walker. Miss Harrison is the youngest daughter of the late Benjamin Harrison, twenty-third president of the United States, whose grandfather, William Henry Harrison, was president also.

Mr. Walker is a son of Mr. and Mrs. James Blaine Walker. His grandfather, the late Maj. Robert C. Walker, married Miss Elizabeth Gillespie Blaine, elder sister of the late James G. Blaine, whose long career in American politics is one of the noted chapters in the history of this country.

Miss Harrison is a lawyer, a member of the bar of Indiana and New York. She will not let marriage interfere with her profession. The wedding probably will take place soon.

COUPLE IS MARRIED 3,000 FEET IN AIR.

Atlantic City, Nov. 1.—This town's first marriage "up in the air," and perhaps the first seaplane marriage on record, took place today, 3,000 feet above the board-walk and beach, which were crowded with the curious. Mrs. Louis F. Wolfe, daughter of Augustus Pison, New York theatrical producer, was married to Samuel L. Bator, of Philadelphia. Bator is in the wire business and is an ex-service man.

Mrs. Wolfe's only exclamation as she emerged from the cabin was "thrilling." Her only regret was that her two children by a former marriage were unable to accompany her.

The city recorder, who was in the cabin of the plane, performed the ceremony at an altitude of 3,000 feet. Lower down the plane let loose its siren and shrieked the news through the sky. An answering roar mounted up from the beach.

ANCIENT AND MODERN NAMES

Writer Contends That Present-Day Appellations Lack the Euphony of the Olden Times.

Speaking of New England names, the genealogical columns of the Transcript are indeed a stalling proof that the seventeenth and eighteenth century names possessed much more of snap, flavor and euphony than our twentieth century names possess.

Pick up the genealogical department at random—any day—and you will find such fine and resounding names as Bersey Keyes, Patty Holbrook, Susanna Gates, Polly Arnold, Darlins Dowe, Prudence Rand, Thankful Sawyer, Thankful Newcomb, Hannah Pike, Deborah Clark, and Jonathan Rich—all of which are from one recent column. It is true that the same column contains names which are not exactly euphonic, and are indeed rather hard nuts to crack; these, for example: Leffy Bulhard—a woman; whence the name of Leffy—Hatsel Higgins, Sparrow Higgins, Abigail Nash, Zerulah Jewel, and Aley Lockwood. In the previous number of the same department are found the names Content Brown, Tibitha Holdredge, and Keruhm Basset.

PERISH THE THOUGHT

Ed Pointer wonders if Uncle Joe Cannon smoked while the doctors were fixing up his fractured wrist. We think maybe the air was blue, but it might not have been from smoke.—Portland Press.

Some Time Ago, in Fact.

Do you remember when it was the fashion to be little a small amount of money by referring to it as "just car-fare"?—Toronto Globe. Before \$3 bills were chicken feed.—Boston Globe. And we used \$10 bills for penwipers.—Berkshire Eagle.

LUCKY AND UNLUCKY DAYS

Study of Statistics Will Enable Almost Any One to Justify His Pet Belief.

Cold, hard statistics prove that the greatest number of premier awards for gallantry were won on Monday. No other day showing anything like the same record, though the military-maligned Friday stands out noticeably.

Which fact gives some color to the superstitions many people have about certain days of the week being lucky, while others are unlucky.

Tuesday seems to be the bad day of the week; calamities are far more common on that day than on any other day. Railway disasters, fires, street accidents—the record in each case is held easily by Tuesday. And it is the day most favored; too, by those who desire to put an end to their existence.

Saturday also has a bad reputation; its specialty is murders, and fully half the petty crime that is dealt with in the police courts occurs on that day. But probably that is because Saturday also holds the record for drunkenness.

There is nothing very distinctive about Thursday beyond the fact that it is the day upon which the birth rate is highest; and Sunday is noticeable only for its low death-rate.

Wednesday is, perhaps, all the rest, the day of weddings. This applies to all classes, and nearly as many marriages are celebrated on that day alone as upon any three of the others.—Montreal Herald.

Grateful Carlo.

In Kentucky three men were shot to death in a fight about a dog which one of them had killed. Some men never live long enough to learn that when a dog becomes personal property the tie of pride and affection makes the animal a serious proposition to be trifled with, and that many men were born to love dogs. This reminds us that in the happy days of boyhood our most faithful and devoted friend was an old pointer named Carlo. Never did we eat a lunch out of doors without sharing it with the "devoted Carlo," and that noble and loving dog invariably manifested his gratitude by shaking himself vigorously and letting us in a reciprocal way have about 50 per cent of his most active flea.—New Orleans States.

He Gets Them Eating and Sleeping. "That was an awfully big tip you gave the waiter Charles!" "Got to jolly him along, darling. He owns the apartment house we live in."—Lift.

A man standing between two churches at Lubec heard the choir at one service sing: "Shall there be any stars in my crown?" Immediately came the answer from the other choir: "No not one."

Local Church News

The first week of November, including 2nd to 6th, is being observed by the Woman's Missionary Societies throughout the Southern Methodist churches, as the Week of Prayer.

Prayer meetings are held every day of this week except Saturday, in the Cloverport Methodist church at 3:30 o'clock. Programs are arranged for each meeting, and special emphasis will be laid upon praying for the work among the missionaries both at home and abroad.

The women of Cloverport are very cordially invited to attend. —(o)—
Donations for the Methodist orphan Home for their Thanksgiving box will be received at the Methodist parsonage for the next three weeks. Canned fruit, good clothing and cash donations are accepted. —(o)—

Two residences on the Hill are being greatly improved with new concrete work. The home of Mr. and Mrs. Jas. Lewis is having a spacious concrete porch built across the front of it with the steps and walks of the same. And a concrete walk is being laid in front of the home of Mr. and Mrs. H. H. Hardin.

Hallowe'en, which fell this year on Sunday, passed by practically unnoticed by the young folks of the community. Saturday evening many of the children were out on a ghost walk and played a few slight pranks to remind one of the festive season.

TOM THUMB, FAMOUS DWARF, SUCCUMBS.

Middleboro, Mass., Oct. 31.—Count Primo Magri, second husband of Mrs. Tom Thumb and himself a famous dwarf, died at a local hospital here tonight after an illness of two weeks. He was 71 years old.

Two weeks ago Count Magri, who was 37 inches tall and weighed 35 pounds, held an auction sale of the late Tom Thumb's effects and those of his wife.

With the proceeds he planned to return to Italy, the country of his birth.

OYSTER RAMEKINS

Fit ramekin dishes with slices of stale bread removing crust. Toast and butter these pieces and lay into bottom of dishes; moisten each piece toast with three or four teaspoons oysters; dot tops with bits of butter and set ramekin dishes into large pan and cover closely. Bake until oyster beads are ruffled; remove and sprinkle with salt and pepper. Return to oven for moment longer and serve at once in ramekin dishes.

THE MOST SUCCESSFUL

Don't think you are a failure because you are not doing big things in a great city; because your name is not in the great newspaper; because you are not piling up wealth. If you are doing your level best where you are; if you are honest, industrious, square; if you are making each day an advance upon the previous one; if you are cheerful under difficulties, helpful and inspiring to everybody about you if you are taking every opportunity to improve yourself, to make yourself a larger and a nobler man, you are infinitely more successful than a greedy, hard, selfish millionaire.

HOME-MAKING RECOGNIZED AS AN EXPERT PROFESSION

Chicago, Oct. 25.—The housewife was officially admitted to the ranks of the expert professions today at the breakfast of the National Home Market Guide. "It is no worse to stay at home and wash dishes than it is to pound a typewriter," Mrs. T. Vernett Morse, executive secretary, declared. "Home-making is an expert profession, and the woman who stays at home and keeps house should receive as much honor and recognition as her sister in the business world or public life."

PHILADELPHIA BIRTHS JUMP.

Philadelphia, Oct. 25.—Philadelphia's birth has shown a notable increase in the first eight months of 1930, after a decline during the war. The excess this year has been 193 births a month over 1919, and if the present rate continues will be far in excess of previous years.

**MAKING MONEY OFF
KIPLING'S AUTOGRAPHY**

At one time Rudyard Kipling al-
ways paid his bills, no matter how
small they happened to be, with
checks. After a while he discovered,
to his amazement, that his bank ac-
count showed a much larger balance
than the stubs of his checkbook war-
ranted. In fact while he was drawing
checks for small amounts almost daily
his money in the bank did not seem
to dwindle in the least.

For a long time he was at a loss to
account for this astonishing fact until
he happened one day to visit an of-
fice, the occupant of which was an en-
thusiastic autograph collector. There
the author saw one of his own checks
framed and hanging on the wall.

Thus the mystery was solved. It
appeared that the local shopkeepers
found that they often got more for
Kipling's checks by selling them to
autograph hunters than they could by
cashing them at the bank, and so,
although the author kept on drawing
checks, his bank balance remained al-
most intact.—Los Angeles Times.

first egg at the age of 36.

PUTTING FIGHTING QUALITIES IN YOUR BLOOD

If You Are Pale and Weak, Without Ambition, You Need a Tonic.

TRY TAKING PEPTO-MANGAN

Rich, Red Blood Fights Off Disease and Keeps You Well and Enables You to Work With Pleasure.

Serious sickness often comes when you least suspect. You may feel a little over-tired. You haven't been exposed to contagion, yet all of a sudden you are flat on your back and in for a siege of sickness.

Your blood did not have fighting qualities. It was weak and thin. Your vitality and powers of resistance were low.

When you overdo you use up energy. Your blood is driven to do more than it can. It becomes clogged with waste. The waste acts like poison. Disease germs get in your blood and dominate.

Don't let yourself get run down. Take that good tonic, Pepto-Mangan. It makes rich, red blood that will resist and rout out disease germs.

Pepto-Mangan is widely and heartily endorsed by physicians. It is effective and easy to take. Comes in either liquid or tablet form. Both have the same effect.

Sold at any drug store. But be sure you get the genuine Pepto-Mangan—"Gude's." Ask for it by the name and be sure the full name, "Gude's Pepto-Mangan," is on the package.—Advertisement.

COAL SITUATION IS GRADUALLY IMPROVING

Washington, Nov. 1.—Coal prices have begun to decline in a number of cities and states with a general indication that within a short time practically the entire consuming public will realize a distinct reduction in the coal bill, according to information obtained today from reports reaching Washington authorities on the coal industry.

In the bituminous coal fields the situation is satisfactory, generally speaking, and as compared with that of a few months ago, it is even better than the most hopeful predictions entertained at the latter time.

Reports from the anthracite fields show indications of a determined effort on the part of the anthracite producers to eliminate practices which resulted in excessive prices. In many communities, price declines for anthracite coal also have been reported.

"Rat-Snap Beats the Best Trap Ever Made," Mrs. Emily Shaw Says.

"My husband bought \$2 trap. I bought a 63c box of RAT-SNAP. The trap only caught 3 rats but RAT-SNAP killed 12 in a week. I'm never without RAT-SNAP. Reckon I couldn't raise chicks without it." RAT-SNAP comes in cakes. Three sizes 35c, 65c, \$1.25. Sold and guaranteed by Conrad Payne & Co., Cloverport, and B. F. Beard & Co., Hardinsburg.—Advertisement.

WHERE CANDIDATES WILL HEAR THEIR FATE.

The major presidential candidates will hear the returns of the election on Tuesday night, Nov. 2, at their respective homes.

Governor James M. Cox, Democratic nominee will, on that night be at his home town, Dayton, Ohio.

Senator W. G. Harding, Republican candidate, on his "front porch" in Marion, Ohio.

Aaron S. Watkins, Prohibition standbearer in his new home in Cincinnati, O.

THE SOUTH'S PROSPERITY.

(Nashville Tennessean.)

Because the price of cotton has not skyrocketed within the past few weeks the impression has been spread abroad that we are not prospering and that the purchasing power of the Southern States is weak.

This is a false idea, founded on the fallacious belief that the South is still a one-crop section. Because one of our crops is not bringing top prices there are some who erroneously reason that we have nothing else that it also is experiencing a slump.

The truth is that the South is more prosperous than it has ever been; it will continue to be so. In addition to this cotton crop we have scores of other crops in fields and orchards, and we have mills and mines and industries whose products run into the billions of dollars annually.

Our railroads are working to capacity and the railroads are rushing every car possible to the mine fields. In turn our factories have plenty to do and new ones are being constantly established.

We of the South know of this prosperity, and a temporary slump in the price paid for one of our crops does not mean that we have hit the financial bottom. The steady demand for our other products will more than offset the fall in cotton.

An Eggo.

A Southerner recently saw at a railway station in Canada an old negro, says the Columbia State, looking helplessly about him.

"What's the matter, uncle?" he inquired. "Lost your way?"

"No, thank yuh, boss. Not so you kin call it lost, but I is lookin' fer a colored woman."

"Your wife?"

"No, boss. I ain't never seen her, but I ax de geminum at de ticket window how you get out huyh, an' he say, 'You fin' a negress on dat side.' And, boss, it been so long sence I seed a colored lady, I keen mighty glad to know hit. An' I been goin' f'm side to side eber sence, n'w boss, I caya 'fin' her nowhere."—Savannah News.

Spiders as Companions.

Of all creatures to choose as pets spiders seem to be the strangest. Yet many famous men have formed real friendships with spiders. Beethoven, when studying the violin at the age of seven years, had a spider so accustomed to him that it would crawl on to his arm while he was practicing. Of Paganini it is said that whenever he played a certain air on his violin a spider approached him and stood still listening until he had finished. Gaetly, author of "Richard Coeur de Lion," tells of spiders that used to perch motionless upon the piano while he played.

THE NAME BEHIND THE TIRE

REMEMBER in your boyhood days, that you weren't a regular fellow unless your bike sported G & J Tires?

To-day, the man with G & J Tires on his car is just as proud and pleased. G & J Tires take figures off the tire bill and put them on the speedometer—and he knows it.

"The Name Behind the Tire" has always stood for quality from the beginning of bicycle days right down to to-day.

When you pay for a G & J Tire you feel the satisfaction of having a company older than the automobile industry itself saying, "that tire is right."

The Name G & J stands behind these tires: "G" Tread, "Stalwart," "Plain" and "G & J Cord." Have your dealer supply you with G & J Tires.
